

## How can I see my items after item enrichment?

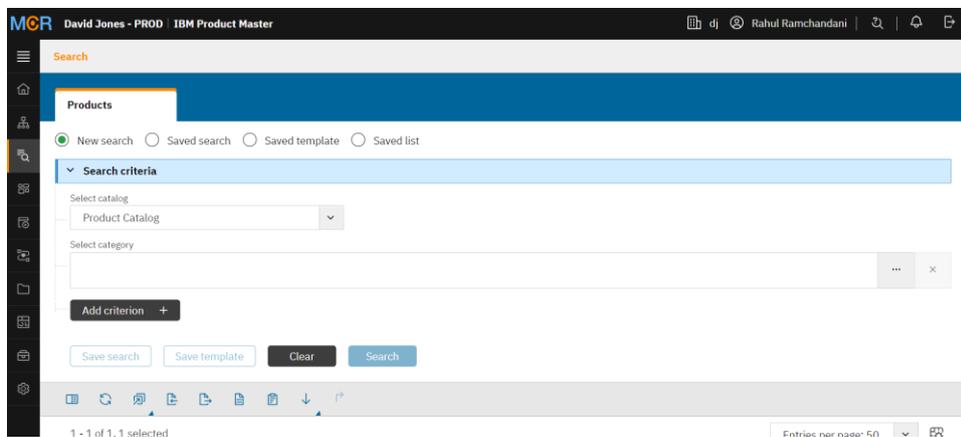

After completing item enrichment, items will be transferred to the DJ's merch team's workflow for review.

You will not be able to see them in your workflow anymore however you should be able to search for them

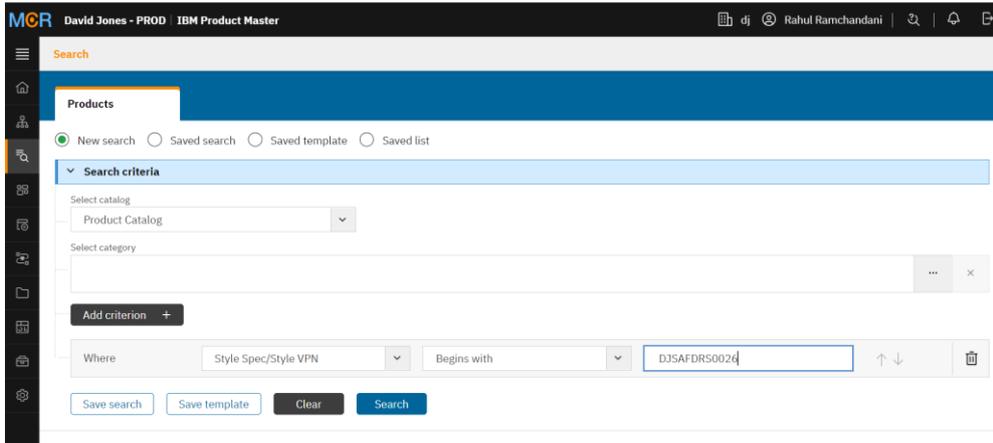

Follow the steps shown below

**Step 1** – Click on the search icon

# DAVID JONES

**Step 2** – Search for the item using the Vendor Product Number (VPN) at a style level.

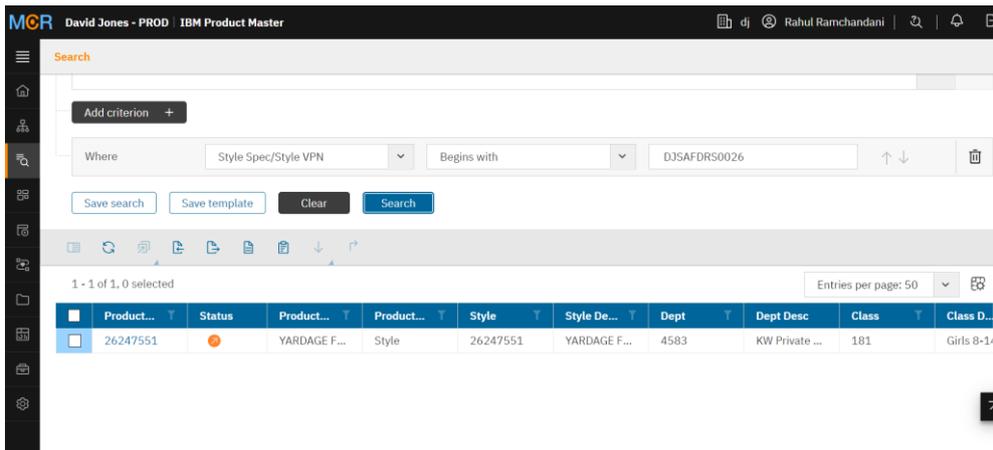

The screenshot shows the 'Products' search interface in the IBM Product Master. The search criteria are set to 'Style Spec/Style VPN' and 'Begins with' with the value 'DJ5AFDRS0024'. The search is performed at the 'Product Catalog' level.

Search criteria:

- Select catalog: Product Catalog
- Select category: (empty)
- Where: Style Spec/Style VPN
- Begins with: DJ5AFDRS0024

Buttons: Save search, Save template, Clear, Search

**Step 3** – You can see the styles have been listed here.

The screenshot shows the search results for the query. One result is displayed in a table with columns for Product, Status, Product, Product, Style, Style De..., Dept, Dept Desc, Class, and Class D... The result is for style 26247551, which is a YARDAGE F... Style.

Product...	Status	Product...	Product...	Style	Style De...	Dept	Dept Desc	Class	Class D...
